

Coaching System Prework and Reflection Questions

The document provides reflection questions to support District Coordinators when viewing recorded modules and completing pre-work prior to coaching support sessions.

Recorded Modules

Consider each of these questions as you watch the pre-recorded modules.

1. What is the difference between systems and instructional coaching?
2. What is the purpose of a district coaching system, and how is it used?
3. Record any additional thoughts or questions you had based on your learning.

Connection to the DCA

Access the District Capacity Assessment. Review the 2-point criteria for each of the items listed below. Make note of where your district is at with each of these items and any questions you might have related to the item.

Table 1. Connecting prework to DCA items

DCA Item	Current Level of Implementation (i.e., existing processes, procedures)	Questions
Item 25: District has a coaching system		
Item 26: DIT uses a coaching service delivery plan		
Item 27: DIT uses coaching effectiveness data		

Michigan’s MTSS Technical Assistance Center is funded by the Michigan Department of Education and the U.S. Department of Education, Office of Special Education Programs.
